

IQ Edison

**AUTHORIZED
PARTNERSHIP**

Distributor & Certified Installer

Smart Building Solutions

Your Authorized AirTest Distributor & Installation Partner

Leading the Future of Indoor Air Quality Management

IQ Edison

Authorized AirTest Technology Partner

Professional Installation • Expert Support • Proven Results

Official AirTest Partnership

IQ Edison is your trusted, authorized distributor and certified installer of AirTest demand control ventilation products. We deliver IAQ Eye Systems and provide comprehensive solutions as part of the IQ Edison Energy Efficiency Ecosystem for commercial buildings nationwide.

✓ *Factory-trained technicians* ✓ *Authorized warranty service* ✓ *Complete integration*

Commercial HVAC Applications

Industrial & Commercial

From manufacturing facilities to office complexes, IQ Edison installs AirTest IAQ Eye systems that optimize ventilation based on real-time occupancy and air quality data.

Retail & Public Spaces

Large retail stores, shopping centers, and public buildings benefit from demand-controlled ventilation that maintains comfort while reducing energy costs significantly.

AirTest - Advanced Demand Control Ventilation

IAQ Eye Wireless CO2 Sensor System

The AirTest IAQ Eye represents the pinnacle of demand control ventilation technology, featuring wireless CO2, temperature, and humidity monitoring

with seamless HVAC integration. IQ Edison provides complete installation, commissioning, and ongoing support.

Key Product Features

- ✓ Wireless CO2 monitoring (0-5000 ppm)
- ✓ Temperature and humidity sensing
- ✓ Real-time occupancy detection
- ✓ HVAC system integration
- ✓ Remote monitoring capabilities
- ✓ Energy-efficient operation
- ✓ Easy installation and maintenance

Energy Efficiency Benefits

- ✓ Reduce HVAC energy costs by 20-40%
- ✓ Optimize fresh air delivery
- ✓ Prevent over-ventilation waste
- ✓ Lower heating and cooling loads
- ✓ Extend HVAC equipment lifespan
- ✓ Meet ASHRAE 62.1 standards
- ✓ Support LEED certification goals

Why Choose IQ Edison as Your AirTest Partner

**Expert
Installation**

**Proven ROI
Results**

Our certified technicians provide professional installation of AirTest IAQ Eye systems, ensuring optimal performance and seamless integration with existing HVAC infrastructure.

IQ Edison clients typically see 20-40% reduction in HVAC energy costs within the first year, with complete system payback often achieved in 2-3 years.

Comprehensive Support

From initial assessment through installation and ongoing maintenance, IQ Edison provides complete lifecycle support for your AirTest demand control ventilation systems.

Commercial Expertise

With extensive experience in commercial HVAC applications, IQ Edison understands the unique challenges of large buildings and complex ventilation requirements.

Partnership Credentials & Certifications

OFFICIAL PARTNERSHIP
Authorized Distributor & Certified
Installer

**Authorized AirTest
Distributor**

**⚡ Factory-Certified
Installation Team**

Official distributor status with direct access to complete AirTest product portfolio, technical documentation, and manufacturer support resources for all IAQ Eye systems.

Our technicians are factory-trained and certified in AirTest IAQ Eye installation, system commissioning, and preventive maintenance procedures with ongoing certification updates.

Cost Savings & Return on Investment

Typical Energy Savings

Small Commercial (10,000 sq ft):
Annual savings: \$3,000 - \$5,000
ROI payback: 2-3 years

Medium Commercial (50,000 sq ft):
Annual savings: \$15,000 - \$25,000
ROI payback: 1.5-2.5 years

Large Commercial (100,000+ sq ft):
Annual savings: \$30,000 - \$60,000
ROI payback: 1-2 years

Additional Benefits:
Reduced maintenance costs,
improved occupant comfort,
enhanced building value
